## THE SURF'S UP AND THE TURF HAS NEVER BEEN BETTER!

Whole Foods Market offers a growing selection of certified sustainably harvested seafood and Global Animal Partnership (GAP) step-rated meats. We believe the more you know about our meat, the better, so we've implemented the GAP animal welfare rating program for beef, chicken and pork. We also offer more responsibly sourced seafood than ever, and all wild-caught species are rated green or yellow by Blue Ocean Institute or sourced from a Marine-Stewardship Council-certified fishery. Higher standards mean better taste, too. So fire up that grill and enjoy the finest surf 'n turf in the comfort of your own backyard and your flip flops!
