

HAIR LOSS SOLUTIONS

Hair loss solutions at slice offer solutions for many different types of hair loss including alopecia, trichotillomania, female pattern baldness and the after effects of chemo/radiotherapy.

The mesh intergration systems are bespoke to each clients needs. They are all made from real hair so they can be washed, dried and styled just like your own hair.

At Slice we understand this is a very personal issue therefore your appointment will be treated with the utmost discretion. We aim to make you feel as much at ease, and as comfortable as possible.
