

FREE info session at BID-Needham

You can lose weight.  
And rediscover life.

## Learn how weight loss surgery can help.

Losing significant weight and keeping it off can add years to your life. But patients tell us that getting back their quality of life is equally important. The nationally accredited Beth Israel Deaconess Hospital-Milton Weight Loss Surgery Program can help you achieve both.

Come to a free information session to learn about weight loss surgery. Learn about the many health risks of obesity, the different types of minimally invasive weight loss surgeries, whether surgery is right for you, preparing for surgery and how post-surgery follow up care is essential to long-term success.

Take your first step back into life. Join us for a free information session at Beth Israel Deaconess Hospital-Needham to learn about your weight loss surgery options, meet our team and have your questions answered.
