OCEAN EXMOUTH The Premier Family Entertainment Centre With A Sea View

A plaque on the wall at Ocean Exmouth reads: Our Vision: To give our customers, young and old, a fabulous experience. To dare to be different. To always exceed expectations.”

Ocean Exmouth is a premier family entertainment centre in a stunning location on the sea front. Its bars and restaurants have beautiful views, especially the terrace on the top floor – a popular place for watching the sunset. It is also the only place of its kind in the area, offering everything a family needs on a day out, all under one roof.

Keeping children of different ages entertained can be difficult. Small children are too young for activities that appeal to their older brothers and

sisters, becoming bored or disruptive. But teenagers cannot be expected to enjoy activities they have grown out of - and why should they? The solution is to provide different options, close together, so that everyone can enjoy themselves and the parents can relax nearby with a coffee or a drink, enjoying the view.

The Engine Room is Ocean’s newly-refurbished downstairs restaurant, with a range of bar-style food including vegetarian and vegan options. It is gaining a good reputation for its burgers, made from locally produced meat. Dogs are welcome in the Engine Room – there is even a range of drinks for them. Manager Justin Moore is keen to emphasise that

OCEAN, QUEENS DRIVE, EXMOUTH, DEVON, EX8 2AY

Ocean is not primarily a tourist attraction, even though it is popular with visitors. “It’s not just for holidaymakers, it’s something with local residents in mind.” He explained that the regular free jazz nights became so popular, and overcrowded, that Ocean organised extra sessions. A regular comedy club will start in September, “because local people asked for it,” Justin explained, and Ocean is planning a big New Year’s Eve party.

Thom Dodd, a duty manager, thinks the ‘customer experience’ at Ocean is also good because the staff genuinely enjoy working there. “It’s got stunning views, and it’s just a pleasant place to work,” he said. **Why not come to see it for yourself?**
