

EXPANDING YOUR ACCESS TO GREAT HEALTH CARE.

At Care New England, we're delivering health care that's there not only when you're sick, but also when you're well, to keep you healthy in the first place. We're helping more people by growing our Care New England Medical Group network of providers and specialists so you can see a doctor where and when you need to.

By strengthening our **clinical affiliation with Brigham Health**, we provide world-class cardiovascular care along with improved access to appointments and clinical growth to our pulmonary, orthopedics, family medicine, breast health, and plastic surgery services.

By adding more surgeons, specialists, and physicians, Care New England brings the most advanced medical care—closer to you. Find out more by visiting carenewengland.org.

We are Care New England:

- **Butler Hospital**
- **Kent Hospital**
- **Women & Infants Hospital**
- **Care New England Medical Group**
