

**The Guardian  
Service**  
Here to listen

## **Self-employed Guardian**

**Hours: Up to 80 per month**

**Salary: Commensurate with experience**

Are you able to listen? Do you have the experience, maturity and empathy to support people who have concerns about their workplace? Could you help someone decide their next steps, without stepping over the line? If so, you could be our next Guardian.

The Guardian Service is the only independent provider of Freedom to Speak-Up Guardians for the NHS in the UK. We offer an independent, confidential and non-judgemental liaison service for staff to raise concerns, worries or risks in the workplace.

We are now seeking to recruit a part-time Guardian for Oxleas NHS Foundation Trust.
