

## PORTER ROAD PET CARE

Porter Road Pet Care's history began in 1935 when its main kennel was built by the original owner and operator Dwight W. Ellis, who raised English Setters. Over the years, Porter Road Pet Care has grown to be one of the largest boarding facilities in the area with a capacity of 180 dogs, made possible with several buildings on their 6 acres of land in East Longmeadow, MA . Porter Road Pet Care was recently purchased by Paul and Kate Morrissey in May of 2017. Porter Road Pet Care provides a number of services including boarding, day care, grooming, in-home pet care, and dog walking for all kinds of animals, including dogs, cats, birds, rabbits, ferrets, etc. Porter Road Pet Care continues to provide each pet with a clean and safe environment, as well as an enjoyable stay. The staff has been trained in pet CPR and first aid. During their visits, pets can enjoy a host of fun filled activities to keep their mind off of their family, while they are away. For more information on any of these services, prospective clients can call 413-525-3532 and visit their website [www.porterroadpetcare.com](http://www.porterroadpetcare.com).
