Rates
Can get a bump!
Increase your rate one time during your CD’s term.

35 Month Bump-Up CD
2.02% APY*

(CD) Certificate of Deposit

*APY (Annual Percentage Yield) is accurate as of the date of publication and is based on quarterly compounding. Minimum deposit to open an account and obtain the advertised APY is $500. A one-time rate adjustment is permitted at any time during the original 35-month term. The interest rate and annual percentage yield for your account will be in effect until the Bump-Up option is exercised. The Bump-Up Interest rate will be equal to the 36-month CD rate offered by First Keystone Community Bank at the time of your request. At maturity, this account will renew to a 36-month fixed rate certificate of deposit at the prevailing rate without the Bump-Up option. No new money may be added to the certificate at the time the Bump-Up option is exercised. Penalty for early withdrawal. Must be opened in person. Offer subject to change without notice.
