

**If you had your
last Pap test
when he was
just a baby...**

**"I want to be there for ALL
of the special days"**

It's time for another one!

**All women are at risk
for cervical cancer.**

This risk increases as we get older.
The Pap test can find cervical cancer.

If it has been 5 years or more since
your last Pap test, your risk increases
even more.

Call your doctor today to make an
appointment for a pelvic exam and
Pap test.
