Ready to Hear?

Kingsport, TN Free electronic hearing tests will be given THIS WEEK ONLY.*

The tests have been arranged for anyone who suspects they are losing their hearing. Such persons generally say they can hear but cannot understand words.

Testing with the latest computerized electronic equipment will indicate whether you can be helped.

Everyone, especially those over 65, should have an electronic hearing test once a year. If there is a hearing problem, a free electronic hearing test may reveal that newly developed methods of correction will help, even for those who have been told in the past that a hearing aid would not help them.
