

# West Alabama is big on small business.

Small business is the heartbeat of our local economy and that's why we support the work you do. You turn big ideas into reality. You serve with passion. You earn trust. You deliver what's needed—and then some. We think your small business deserves every opportunity to achieve big success. From one local establishment to another: Thank you for making community your priority. This is West Alabama. We are West Alabama Bank.
