

**Getting distressed
with your cracked,
dented, damaged
or distorted alloy
wheels?**

**Don't worry!
Motorcool can wheely fix it!**

**TWISTED, BENT, BUCKLED, CRACKED,
DISTORTED or KERB DAMAGED WHEELS?**

*Even a corroded wheel rim can cause your tyre to deflate,
we can fix it for you.*

New technology enables MOTORCOOL to repair any wheel to the highest standards. Our investment in this technology is the first in Teesside and can be utilised on your alloy or steel wheel repair up to 22" and finished to the highest possible standard.
