

JOINT REPLACEMENT THAT'S A STEP AHEAD

 Mercy | LIVEUP

Unique orthopedic care specialized for a unique you.

Mercy Medical Center–West Lakes is central Iowa's premier destination for unique orthopedic care, as it offers a newly-renovated orthopedic floor – featuring three operating rooms, a new physical therapy room, larger patient rooms and a dedicated orthopedic surgical team.

Mercy is proud to offer a coordinated and comprehensive joint replacement program, allowing our orthopedic care team to develop a specialized care plan for each patient's joint replacement journey. What does this mean for you? A better experience, faster recovery and more independence following surgery. That's why U.S. News & World Report has recognized Mercy Medical Center–Des Moines for high-performance in knee and hip replacement.

Get back to living the life you love, with pain-free joints!
