 "So do our patients!"**

"Dr. Smith and his staff have been excellent to work with and he fit me with the best hearing aids I've ever had! Sounds are more clear and I hear conversations much better now. I would recommend Audiphone and Dr. Smith if you're looking for an audiologist who listens to your needs instead of just trying to sell you hearing aids. He went the extra step to find the best solution for my needs."

- Margaret P. Brunswick

"I want to express my appreciation for the time you spent advising me on hearing aids. Going from having one aid to now having two has greatly improved my enjoyment of movies and sports. I can now carry on conversations with people sitting on either side of me and I hear so much more of the dialogue at the theater. The hearing aids are not only effective but Dr. Smith made them affordable as well by working with my insurance. I also want to thank your staff as they are always courteous. P.S. I will refer friends to Audiphone."
