

# DAZZLING CLEAN WINDOWS

Pressure Washing, Gutter Cleaning & Brightening

Hi, I'm Jim.

My Dr Windows story comes from humble lessons. Raised in a modest working class family, I watched my parents work hard to provide a better life for us children. When my grandparents would prepare for visitors at their home, the grandchildren would come over and help do five things that were instilled as 'necessary' to prepare for company: Iron the tablecloth and linens, wash the car, mow the grass, properly set the table, and wash the windows. Even at a very young age, I learned the pride involved in clean windows.
