We Love What We Do!
"So do our patients!"

"I love hearing again!!! Dr. Smith has been so wonderful during this process-which was very easy. I could not imagine going anywhere else! P.S. The Audiphone staff is great also."

- Penny A., Akron

"Words cannot describe the happy smile my mother made when she received her new hearing aids from Dr. Smith. A truly professional, caring person."

- Edward S., Akron

"I didn't get my hearing aids from Dr. Smith but I will when I need new ones. I made an appointment with him for a second opinion after my current provider quoted me an extremely high price on a repair. Within minutes Dr. Smith had my hearing aid working better than it had in a long time. His integrity, professionalism and willingness to listen made for a pleasant experience. Not once did he try to sell me on something new, he just wanted to help me. I highly recommend Dr. Smith if you have any problems hearing."

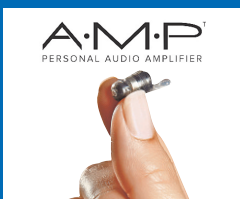

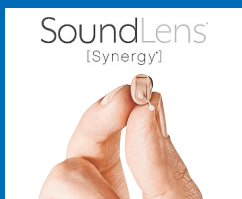

- Harold J., Wadsworth
