74 Brick Blvd Bldg. 3 suite 124

Brick, NJ 08723

- ✓ After walking for a short time you need to sit to relieve the pain.
- ✓ Leaning over the shopping cart at the grocery store helps with your pain.
- ✓ Weakness & difficulty walking up stairs without pulling yourself up by the banister.
- ✓ You lean forward when walking.
- ✓ You are unable to stand straight up.
- ✓ You have been told by your Doctor/ MRI that you have Spinal Stenosis.

You don't have to be hunched over in pain!

SPINAL STENOSIS

You Might Just Have It

"My legs felt 30 lbs. lighter when I stand to walk. I called Dr. Jasper from home the same day, excited. I was able to walk up the stairs without pulling myself up by the railing for the first time in months" ~ Patient Vinnie

Dr. Gabriele Jasper MD is now known as New Jersey's leading pain physician due to his widespread reputation in the medical community here and abroad. This status was established by the various presentations of advanced minimally invasive procedures he has perfected and taught to fellow physicians.

See why Dr. Jasper is known throughout New Jersey as The Master Of Pain.
