

Spring into living your best life at

Pendleton Manor

SUSAN BLAIR
Executive Director

“Spring is a beautiful time of year that signifies renewal and regrowth, and we strive to ensure that our residents are in the “spring season” of their lives year-round here at Pendleton Manor. Everything about our community is centered around creating a personalized, home-like environment that allows our residents to thrive and find the joy in every day, from our highly trained team that provides compassionate, expert care, to the activities that are customized to meet the needs and interests of each individual, to the special bond that makes our residents and team a true family.

Please accept my personal invitation to stop by and see us today! I'd love the opportunity to show you all of the unique qualities that make Pendleton Manor the difference between a place to live and a place you can truly call home.” - Susan Blair
