OPPORTUNITY TO PARTICIPATE IN AN ALZHEIMER'S STUDY

Neurology Research Institute at Palm Beach Neurology is currently seeking volunteers ages 55-90 who have noticeable changes in memory or thinking or have been diagnosed with mild Alzheimer's disease.

The study involves eye scanning and brain imaging to detect amyloid plaques. Qualified participants will receive reimbursement for time and travel. Health insurance is not needed to participate.

If you want to learn more about this study,
call 561-845-0500 ext 124.
