

Welcomes

Manuel Cano, MD

Dr. Cano grew up in El Salvador and was drawn to pediatrics after surviving cancer in childhood. He received his medical degree from Dr. Jose Matias Delgado University in Antigua Cuscatlan, La Libertad, El Salvador and completed his General Pediatrics Residency from the Texas A&M University program at Driscoll Children's Hospital in Corpus Christi, Texas. He is married to Karen and they enjoy spending time outdoors and trying new foods. Dr. Cano is fluent in English and Spanish and is accepting new patients at our Alameda office.

**Dr. Cano is currently
accepting new patients.**
