

BECAUSE
EVERYBODY

SOMETHING.

Everybody has different hopes and dreams on their heart. Or, as we like to say at Lorence and Vander Zwart (LVZ): **Everybody LVZ Something.** Usually many things. When you become an LVZ client, we'll listen to your vision for the important stages in your life, and ultimately, retirement. From there, we'll design a professionally managed Financial Plan, which makes possible the life and retirement you had your heart set on.
