

Robotic Surgery. Here.

At Good Samaritan Hospital.

For our patients, da Vinci® technology (for colorectal, prostate, hernia, kidney and GYN procedures) and MAKOplasty® technology (for hips and knees) mean smaller surgical incisions, less pain and faster recovery. And for our surgeons, the heightened precision and accuracy lead to better outcomes.

**Call 833-22-ROBOT
to find out if robotic
surgery is right for you.**
