

Changing the Culture of Mental Illness: It's Way Past Time

The former Chief Justice **John T. Broderick Jr.**, who serves as Sr. Director of Public Affairs at Dartmouth Hitchcock Medical Center, will share his poignant story to raise awareness about mental health. The goal of the Change Direction/R.E.A.C.T. campaign is simple, timely and important: to make the five most common signs of mental illness as well and widely known as the signs of a heart attack or a stroke and to teach people how to react when they find the signs of mental illness in someone they know or love.

Please call (603) 444-9304 to reserve your seat.

Monday, October 15 • 6:30pm
