Free Hearing Tests For Seniors

Free electronic hearing tests will be given this month for all seniors to celebrate Better Hearing and Speech. Hearing Health Center in Lebanon will offer this testing for anyone who suspects they are not hearing clearly. Using our video otoscope, we will be able to show you the inside of your ear canal. Let's see if your problem could be as simple as too much earwax. We will then give you a full hearing evaluation, including speech understanding tests. Your results will be explained to you in clear, easy to understand terms and although we encourage early correction of hearing loss you are under no obligation to purchase.

Demonstrations of the latest technology in better hearing will be available. Hear for yourself how easy it can be to understand clearly again. This is an easy and safe way to get the answers to your hearing questions. Hearing Health Center has been serving Wilson County over 35 years and prides itself on being a great customer service company.
