

COULD YOU BE PART OF OUR WINNING TEAM?

Newspaper Production Role (Graphic Design, Ad makeup and Planning)

Monday - Tuesday 9am - 5pm, Wednesday - Thursday 9am - 6.30pm
Up to £14 ph subject to experience

Are you a talented, creative and enthusiastic individual who can work well on their own or as part of a busy team? An excellent communicator, with a professional and friendly manner, well organised and able to work to tight deadlines?

Wonderful, this is the job for you!

Working as part of the production department, you will be primarily responsible for graphically designing and developing creative and innovative advertisements for all print and online publications. Your role will involve meeting and working with internal staff and occasionally external customers to interpret and create a range of graphics.

You will also be expected to manage the production of some of our commercial publications in a small team and also by yourself, managing copy flow, liaising with customers and meeting strict press deadlines and also be responsible for the planning and output of our newspaper titles.

Ideally, you will have experience as a graphic designer and planner within the print or newspaper industry, although this is not essential, and be able to demonstrate excellent design ability using Adobe Creative Suite CS6 (Indesign and Photoshop) to produce interesting advertisements and editorial pages.

The ability to prioritise, use your own initiative and meet deadlines is a must. A sound working knowledge of the Windows operating system and Adobe Creative Suite is essential.

In return, we offer an excellent benefits package including generous holiday entitlement, pension and childcare vouchers.

If you think you have the skills we need, please apply with CV and a covering letter to:
jasonb@baylismedia.co.uk

Closing date: Monday 18th February, 2019.
